

## TrekU Live: Test Ride Competencies

Rank your comfort level with each of the following:

Competency	Comfort Level (1-5)
Put bike into repair stand	
Tire Inflation + Correct PSI	
Pedal Install	
TCS Safety Check	
Check Shifting/Brakes	
Suspension Set Up	
Where to find Suspension Charts	
Cable Tension + Barrell Adjustors	
HS Check/Adjustment	

*For any of these items where you currently do not rank a "5" schedule time this week with your service manager or advisor to learn and practice these skills.*
